Pray for Afghanistan

- Pray for the Afghan people as they navigate political unrest, violence and persecution. Pray that they may find peace in Christ among overwhelming circumstances.
- Pray that God would intervene and glorify His name in this tragic situation.
- Pray for Afghan believers whose lives are being threatened by the new regime. Ask God to give them courage and strength.
- Pray for Afghans at risk because of their service alongside the U.S. government and that they would be quickly and safely evacuated.
- Pray that the millions of Afghans who have never heard the Gospel will have an opportunity to hear.
- Pray for neighboring countries, as well as countries around the globe, as they attempt to host the surge of refugees coming out of Afghanistan.
- Pray for Afghans who are desperately trying to leave Afghanistan.
- Pray that those helping will be able to overcome obstacles as they facilitate the exits and relocations of Afghans.
- Pray that the physical needs of those waiting at entrances and at the airport will be met, including protection, water, and more.
- Pray for favor and that pathways become available to safety and relocation.
- Pray for countries to open their borders and for people to open their hearts to those being displaced from their homes.
- Pray for those who will not be relocated.
