

CREATIVE STRATEGIES TO FUEL YOUR **CHURCH MINISTRY!**

Most people think of cash when making a gift to their church. But when it comes to giving, there may be a better way. The Ministry Trust is positioned to assist donors and ministries in accepting non-cash gifts. Our goal is to relieve the burden for ministries by processing non-cash gifts from individual donors. Check out these creative giving solutions:

Stocks and Mutual Funds

Do you own appreciated securities? There are tax advantaged ways to use those assets for tithes and offerings or special gifts to ministry!

Retirement Assets

Have an Individual Retirement Account (IRA)? Reduce your taxable income by making a QCD gift which may also satisfy your required minimum distribution (RMD).

Donor Advised Fund (DAF)

Facing a significant tax event and need to combine your charitable donations in a single tax year, but want to spread your giving over time? Consider this alternative often referred to as a "poor man's foundation."

Timberland

Do you own timber property? Consider gifting a cutting/thinning, or income from hunting lease or pine straw.

Estate Gifts

Want to make an impact and leave a lasting legacy? Consider leaving a bequest to your church or favorite ministry.

Business Interest

Wondering what to do with the family business? Consider a plan that includes a gift to ministry and significant tax savings.
